Description

Connect Four is a two player game, where each player align four game coins either horizontally, vertically or diagonally in game board .

Project Flow

PROJECT FLOW :

Challenges

- Faced a little challenge in Alloting and sharing work between team members.
- Faced difficult in installing Pygame module .
- Faced difficulty in creating presentation using LaTeX

Learnings

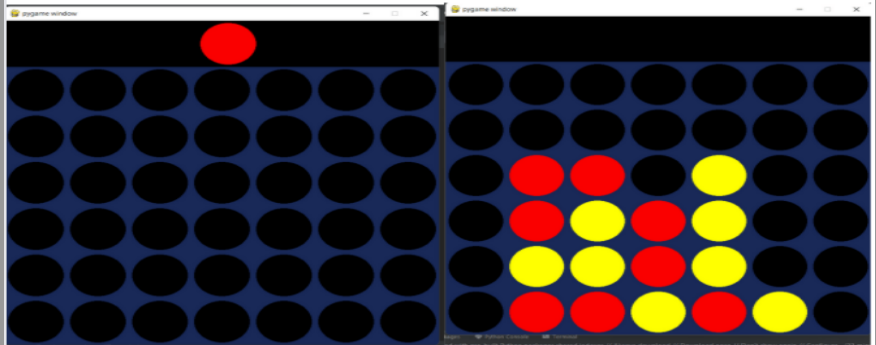

- numpy
- Pygame
- sys
- math

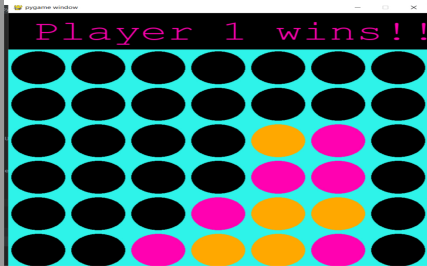

Tech Stack

Technical Stack

- ① Language
 - python
- ② Tools
 - Pycharm
 - GUI

Demo Screenshots

Code Status

- Lines of code : 120
- No.of functions : 7
